

Company	Product Name	Description & Configuration	Version	Price in CHF
ROSENDAHL	bonsaiDRIVE	Uncompressed video & multitrack audio hard disk recorder – without hard disk, mains version, 90-260 VAC, 50-60Hz, 25 Watts, IEC.		2'650.--
ROSENDAHL	bonsaiDRIVE 12V	Uncompressed video & multitrack audio hard disk recorder – without hard disk, 12V DC version, 10-18V, 2A, XLR 4-pin.		3'030.--
ROSENDAHL	bonsaiSDI	SDI option board for bonsaiDRIVE		790.--
ROSENDAHL	bonsaiRACK	19" 2U rack mount kit for use with 5.25" disk carriers		460.--
ROSENDAHL	nanosyncs HD	Multi Standard Sync Engine, AN intricate electronic gearbox which locks PAL, NTSC or slow PAL, progressive or interlaced HD Trilevelsyncs and digital audio reference signals together in any required combination. The improved DDS audio clock synthesiser combined with a new, ultra high frequency analog PLL design results in lowest clock jitter and minimal phase		2'470.--
ROSENDAHL	nanoclocks	Word clock distributor with integrated audio master clock generator, dual inputs with frequency status indicators and programmable output matrix. Providing two transformer isolated word clock inputs and 12 word clock outputs to receive and distribute word clock signals over long distances.		1'580.--
ROSENDAHL	MIF 3 midi time code interface	The professional Midi Time Code Box. Generates LTC and MTC from LTC or MTC. MMC controlled MTC/LTC generator. Digital MTC jitter filter allows use of unstable MTC sources. Instant cue soft follows looping on tapeless systems. Electronic gear box for time code standard conversion.		790.--
